HUNGARIAN WIREHAired VIZSLA

JD (1) 1 Summerfield's Miadsc Cast A Spell. A wonderful representation of the breed, this young male has fantastic overall proportions. Head shape moderately broad with a slight roundness, giving great expression. Well muscled neck leading to well laid shoulders and elbows close to body. Strong body and straight tailset which slightly slopes at croup towards tail set. Moved well around the ring and at one with handler. Great colouring with correct wire coat type. BD & BOB.

PGD (1) 1 Howard's Zoldmali Latin Lover. This three year old male has a dark russet coat with harsh wirey qualities. Lively in expression, this dog has a moderately broad skull shape which is in proportion to the rest of the body. Ribs well sprung and carried back from chest. Moved slightly erratically in the triangle but within the large circle settled nicely.

OD (2, 1) 1 Howard's Lanokk Szivos JW. A light golden male with a lot of furnishings and of medium size. Head is moderately broad and slightly rounded in shape with eyes of correct shape and colour but just a little far apart in my opinion. Level back with slight slope to croup which flows to tail set. Chest well developed. Strong rear angulation with hocks well let down, moved well round the ring. RBD.

PB (1) 1 Wearing's Venum Ventulus Hanga At Genlusa (Imp) NAF TAF. A seven and a half month old bitch with a very feminine head and expression. Gorgeous in outline which is well proportioned, with a strong level back slightly sloping to croup and rounded off towards tail set. Straight hindquarters which flow into a moderate turn of stifle. Still time to mature but cannot wait to see this youngster in the future. BP.

JB (2, 1) 1 Linsell-Clark's Twelveoaks Dandee Red. At 17 months, this bitch has a nice harsh wirey coat and of good colour. Of correct medium size, she has a strongly built body which is of correct proportions. Complete with lively and intelligent expression, this feminine bitch has a good length of neck flowing into well laid shoulders and elbows sitting close to body. Moved well. BSB.

PGB (3, 1) 1 Cooper's Deifstock Desert Rose. A gorgeous bitch which is of excellent proportions and medium size. Balanced in outline, she has a pleasing feminine head with a strong muzzle and correct clean dentition scissor bite. Well set ears, and nicely muscled neck which flows into well laid shoulders and upper arm, well sprung ribs which are carried well back. Nice turn of stifle and moved well. Beautifully harsh coat, probably the best of the day. BB. When challenged for BOB, she did not move as well as she did in the class, slightly paced and last set up was slightly untidy. 2 Holt's Maiashy Akori. A nice young bitch which simply had tough competition against first. Lovely feminine expression with a good width, skull shape, and good ear set. Great depth of chest and spring of rib, with strong straight topline and turn of stifle. Moved well.

OB (1) 1 Summerfield's Ambermoore Tanzanite Blue At Miadsc ShCM. This seven and a half year old bitch has excellent proportions throughout. Head of correct shape, with a nice dark eye and shape. Nice reach of neck which flows into shoulder and spring of rib. Strong chest and straight legs. Shown with excellent coat and muscling. Moved well around the showring and at one with her handler. RBB.

Sp Beg B (1) 1 Linsell-Clark's Twelveoaks Dandee Red. Winner of Junior Bitch.
