Championship Show – Special Awards I would like to thank the HWVA for inviting me to judge the Special Awards at this years Championship Show. I thank those competitors who entered under me and took my decisions in good grace. I thank my steward Karl. I would like to thank Peter Upton for doing my Kennel Club Assessment for my Judges Education Programme. P (2) 1st Harris's Fitzrovia Amber Nectar. 11 month old bitch. Pleasing head of correct proportions, kind eye of good colour for age, correct dentition. A neater package than her litter Brother in 2nd place. Possibly a little fine of bone for the breed, time will tell. Lovely length of neck and good chest and tight elbows, Level back nicely sloping croup to correct tail set. Good feet and coat. Moved out with a good stride and confidence for her age. 2 Harris's Fitrovia Gideons Way. Litter brother to 1st place. Nice head with kind eye, correct length of neck with a good arch leading into super lay of shoulders, lovely level back into slightly sloping croup with correct tail set. Long legs with a little too much daylight under him spoilt the picture for me. Didn't move out as well as his sister did. J (1) 1 Newman's Morganna Anise. 12 month bitch. Sweet head with kind eye. Correct dentition, good length of neck with nice lay of shoulder. Straight topline, would like a little more slope to the croup. Good coat covering. Moved out with confidence and good rear drive. G (11,4) 1st Bendikas's Holsan Lenti. A lovely head on this bitch of correct proportions. I like the length of her and she has a nice gently slope to her croup. Good length of leg. I would like to of seen a little more rear angulation, but she moved out well with good drive. Lovely coat of good texture and colour. 2 Lewis's Adel Liliana. Not quite as mature as 1st and a slightly smaller bitch all through. Loved her sweet head and beautiful kind eye. Well made front, elbows fitting nicely into her

body and good length of leg. Correct length of body with a slope to her croup. A balanced picture and moved out with good drive. O (10,2) 1 Cooper's Deifstock Desert Rose. Such a lovely balanced bitch. Muzzle slightly longer than ideal. Nice length of neck leading into well laid shoulder, a lovely length of back with the correct slope to the croup. Correct length of leg with lovely angulation. Moved out effortlessly. Coat of good colour and texture. 2 Guest's Bardantop Plum Duff. lost out on movement to 1. Lovely head of correct proportions, correct length of neck leading into good shoulders and a level back with the correct slope to the croup. Good angulation. Her coat needs a tidy to complement the picture. Moved out with drive.

Championship Show: PD (1) 1 Fitzrovia Gideons Way BPIS & Reserve Dog CC. 11 mths. Nice dog, good head but would like a darker eye. Good front and feet, good shoulders but needs more depth of chest which should come when he matures. Good topline and bend of stifle. Good wire coat. Moved well. One for the future.

GD (I) 1 Navarro Del Fatalbecco At Cragvallie (Imp) It. Good head and eyes, good bone and feet. Good reach of neck into good shoulders. Good topline and stifles. Good wire coat. Could have moved better today. PGD (2) 1 Belatarr America.

Quite broad on head, good eye, good front and feet but nails need attention. Good topline and depth of chest. Good wire coat, moderate stifles. Moved very well and was in lovely condition. LD (5) 1 Zoldmali Iszkiri At Cragvallie (Imp Serb)

Very nice dog. Good head shape and eyes. Good front and feet. Good reach of neck into good shoulders, good topline and tailset. Good wire coat, moved very well. 2 Fowlums Heath. Lovely head and eyes, good front and front but would like better feet. Good topline and stifles. Good wire coat. Moves well, just tail carriage a little high. Two nice dogs. 3 Throstlenest Helios OD (5) 1 Fowlums Tavaszi Dog CC & BIS.

Lovely correct shape head and dark eye. Good front and feet. Good russet colour coat. Good reach of neck into good shoulders, good topline and stifles. Moved very well. Such a happy dog, never stopped wagging his tail. Handled very well and in super condition. Well deserved. 2 Bardantop Banoffee. Lovely head and eyes, good front and feet. Good neck into good shoulders, good topline, moderate bend of stifle. Good wire coat and in lovely hard condition. He just was not settled on the move today. 3 Zoldmali Lipton At Brecalde Taf VD (2) 1 Belatarr North By Northwest Sh.CM. Very nice dog but up to size. Good head and eyes, good front and feet, good topline. Good wire coat in lovely condition. Moved well. He was full of himself, gives his handler a hard time. 2 Zöldmáli U R Special (Imp Hun). Open Show - I would first like to thank the HWVA for the invitation to judge their open show, and for their hospitality, and to thank Karen for being my lovely steward for the day. I was also very grateful to everyone who entered their dogs in this open show, I appreciate your support. As someone who likes to watch the dogs in the working environment, I found some were not robust enough and some that were too long, low and coarse for a good days work, but pleased that coats were generally double and protective, mouths were generally good, as were feet. PD (1) 1 Harris' Fitzrovia Gideons Way. Great coat and rich colour, nice head with correct furnishings, nice lay of shoulder and tight elbows, could be on shorter legs but moved well. Will be impressive when matured. Very close in the challenge for Best Puppy. RBPIB. GD (1) 1 Whiting's Navarro Del Fatalbecco At Cragvaille (Imp Italy). Very well built dog of the

correct size. Excellent deep chest, correct head with kind eye, would like to see him with a tidier coat. Firm footed on the move. LD (5) 1 Davidson's Throstlenest Helios. A smaller built dog with a good coat, nicely angulated, good tail set. Nicely constructed fore and aft, leading to well balanced movement with drive. RBD. 2 Whiting's Zoldmali Iszkiri At Cragvallie. Larger than first, solidly built with good balance resulting from great angulation. Much heavier coated, good head and front construction, Moved solidly with drive. OD (1) 1 Deighton's Fowlums Tavaszi. Good close dark coat, correct head with level planes, nice deep chest, well laid shoulder, moved well. BD and Res BOB. VD (3) 1 Howard's Llanokk Szivos JW. Youngest of the three in good coat, was a little wide in head and chest, but moving well . 2 Howard's Zoldmali UR Special (Imp Hun). Smaller than first but a nice overall picture, correct head and kind eye, a little overweight affecting movement. MPB (1) 1 Jones' Dansopity Ocknell. 8 months. Pretty head, good deep chest for her age and close coupled. Lacking in coat, it should come, showed some good movement but needs to settle.

PB (3) 1 Edminson's Kidsons Happy Memories. Pretty little girl, smaller size and very well balanced, prominent pro sternum, moved very well for her age. Coat paler and overstripped. Wagged her tail all day. The dog puppy challenged her well for best puppy, but this girl looked at me with the same face as my favourite HWV bitch ever, which just swung it for her. PB, BPIB. 2 Harris' Fitzrovia Amber Nectar. Litter sister to the dog puppy, taller and narrower than first, but a better coat of darker colour. Pretty head, eye to darken. Well muscled for her age, moved well but maturity should widen her body and improve foot placement. YB (2, 1) 1 Newman's Morganna Anise. Stood alone in these two classes. On shorter legs and wide at chest, heavier built, but a heavy coat obscured her outline somewhat. Very straight topline lacking in a sloping croup. Moved out well with good rear drive from the straightest of pasterns. NB (4, 2) 1 Newman's Morganna Anise. As above. 2 Hamman's Zoltarous Guelder Rose. Very

similar size and head to first, lighter build and coat density, better topline and croup. A close call and only lost out today with less straight pasterns making her move close behind. GB (2) 1 Newman's Morganna Anise. As above. 2 Lewis' Adel Liliana. Petite little bitch, lighter in build and colour, pretty head, well balanced fore and aft but tended to arch her back when stacked, spoiling the outline. Improved on the move. PGB (3, 1) 1 Nokes' Tanselle At Goldpaw. A lighter built bitch, lighter coat, pretty head and good eye. Nice and straight front and back, straight hocks. Moved with determination. 2 Court's Twelveoaks Carolina Red. Heavily built for a bitch, lower and longer build with straight topline but no sloping croup. Heavy wire coat, moved around the ring well. LB (4, 1) 1 Cooper's Deifstock Desert Rose. Very nice for size and outline. Good colour and texture to the coat. Well laid shoulder and good return of upper arm, close coupled and nice upright pasterns. Moved with balance and good drive. BB and Best in Show. 2 Aldridge's Gwaithmaes Aoife Slightly smaller than first, well balanced, but standing a little wide at front, and pasterns not quite upright, muzzle just slightly longer but still a pretty face, good coat and colour, moved out well. OB (3, 2) 1 Edminson's Sh Ch Kidson Custom Made. Very nice type, well balanced with good angulation, good coat and colour and a correct head. Moved well. RBB. VB (3, 1) 1 Deighton's Kidsons Attribute. A well balanced nicely put together bitch, nice front construction, just a little less drive now from the rear. Good correct coat. BV. 2 Court's Honey Buzzard. A few months older than first, a heavier bitch, well put together good angulation and pretty head. Showing her age a little today in movement.
