

Windsor - HUNGARIAN WIREHAired VIZSLA

V (2) 1 Guest – Bardontop Plum duff RBCC BV Well balanced bitch. Nice head with gentle expression, so typical of the breed. Good dentition, nicely arched neck leading to layback of shoulder and level topline – gently slope into good tail set. Chest well let down with elbows well tucked in. Decent turn of stifle. Coat of correct texture and colour, harsh to the touch. Moved out well holding topline. Lots to like about this bitch. 2 Summerfield – Ambermore Tanzanite Blue At Miadsc – Another sound bitch – straight front good head and expression chest well let down. Shoulders well laid, but a little heavy. Elegant reach of neck. Good coat colour and texture. A little on the tall side and not as balanced overall as 1. Lacking in drive.

PD (3) 1 Gray - Zoldmali Bolero (Imp Ser) Strong youngster with good bone. Straight front. Good shoulder placement, masculine head, correct dentition. Slightly out at elbow. But this may tighten up as he matures. Held topline on the move, move out well for a youngster. Overall, a little heavy in build for me. BP

PGB (1) 1 Lewis – Adel Lillana. Well balanced and of good size. Straight front and rear. Elbows well tucked in. Feet could be tighter. Lovely head with melting expression. Decent bend of stifle. Coat colour and texture correct. Moved out well.

LB (2) 1 Richardson – Tragus Flirty Fox – BCC BOB Lovely bitch who took my eye as she entered the ring. Didn't disappoint when going over her, she is a real showman. So well balanced all through and of good size. The prettiest of head, correct dentition and melting expression. Straight front, the tightest of feet. Elegant reach of neck, decent layback of shoulder, level topline, gentle slope to set off of tail. Chest well

let down, with elbows well into brisket. Enough bend of stifle. Short-coupled. Coat of correct texture – would have liked coat colour slightly darker. Moved out with drive and purpose holding topline. 2 Newman – Morganna Anise. Longer cast bitch and not so well balanced as 1. Decent front, tight feet. Correct dentition. Very appealing head and expression. Elegant reach of neck. Coat colour and texture correct. Although moving well she lacked the drive of 1.
