

SCOTTISH KENNEL CLUB

1st October 2022

HUNGARIAN WIREHAired VIZSLA

Judge: Mrs D Stewart Ritchie

 Class PD/B (2 Entries) Abs: 0

Two smart ones here in this puppy class today, both with lots to like. One just more mature than the other at this stage. 

1st: HARRIS, Ms C Tullis Scott. FITZROVIA TAKE A CHANCE. This boy has so much to like. He is balanced and pretty well put together constructionally. Still a bit unsure of his job but it all came together so well on the move when he was free and using himself as his construction dictates. Good bone, good length to height ratios, level topline. Good tail, moderately angulated all through. Harsh wire coat. Really positive on the move. He is quite smart already and with some schooling he could do really well. BPIB & Res Best Dog

2nd: ELDERS, Miss J. ENRYB PINK PANTHER. Excellent shape and exudes in breed type. Well-proportioned all through. She has a most delightful head which this kennel now seems to stamp. Straight and true in front with good angulation fore and aft. Good length of ribbing. Just needs to come together a wee bit more on the move but she is truly a baby still and has so much to commend already. 

Class PGD/B (3 Entries) Abs: 1 

1st: HARRIS, Ms C Tullis Scott. FITZROVIA GIDEONS WAY. This boy was presented here today in really fit condition. His coat was absolutely excellent. He is good in depth, has a straight front with good enough angulation, Well ribbed back to short strong loin. Moderately angulated behind but still needs to develop some in quarters. Stands on good bone and feet and with good length to height ratios. Moved quite well on the around. 

2nd: GARDEN, Mrs M & GARDEN, Mr B. LEIBORSCHY THEANO. This girl really comes together on the move on the around. She is good in hindquarters, in fact I preferred her to one in this particular department. Well-developed musculature throughout. Would prefer a shade more fill in front. Res Best Bitch

Class OD/B (5 Entries) Abs: 2^[SEP]

1st: ELDERS, Miss J. SH CH ENRYB SKYE BLUE. What a cracker she is. Superb balance. She is moderate, typey and of excellent construction. She moves so well and really gives the appearance of being fit for function. This lass was presented to me today in the very best of condition. Strong and deep in muscle. Excellent wire coat as well as knowing her job so well. Correctly proportioned head, moderate breadth, good head proportions and moderate stop. Full in lip without excess and correctly placed ears. She has the most delightful expression. Straight and true in front leading to strong ribcage which goes back to muscular loin. She has plenty of width over the quarters, first and second thighs and she has moderately angulated hindquarter. Strong, level topline to excellent croup and tail. She is a super mover and has little to fault. Loved her. Best Bitch and Best of Breed^[SEP]

2nd: MOSS, Mr A D. SH CH EWTOR NOBODY DOES IT BETTER. This boy has great breed type and another with the very best of heads, correct in proportion and balance. Sufficient stop, good eye colour and expression and with a total air of class. His ear set, length and carriage are correct. He has the best of ribbing – long and well ribbed back with great depth. He had a firm solid topline. Moved well on the around. Best Dog.
