It was a huge honour to be invited to judge the Association Championship show thank you to the committee for the invitation. I'd like to thank all the exhibitors for their entries and for taking my decisions with grace. Also these must be the cleanest dogs I've ever gone over as my hands were spotless. A big thank you to the stewards on the day for keeping things moving as time was of the essence, especially to Christine Morgan who did most of my paperwork and without whom I doubt I would have been able to take the appointment. I'm sure that committee will discuss the holding of three shows and the specials in one day as things were very tight time wise and I felt that the uniqueness of a Club show was lost somewhat. I was very pleased with what I considered to be a quality entry with excellent temperament all round and only one level bite. I did feel that the breed is finally coming together with more consistency especially with regard to the coat although I didn't feel that there were many double coats today I put this down to the weather. 1 Upton's Tragus Mr Bumble Bee. 8 month old male of good make all through.
