

HWV Birmingham National 24

I would like to thank the Officers and committee for their kind invitation to judge at this well organised show. Thanks also to the good humoured and efficient stewards Jackie & Kay and the exhibitors who accepted my decisions in a sportsman like manner.

SBD (2,1a) 1 Haywire Texana Vadasz (Mrs M Campbell) 14 mths old and well put together with correctly proportioned head and good eye colour. He has a good wire jacket and sufficient bone. Moved OK, still needs to tighten up but there is plenty of time to do that.

MPD (1) Deifstock Drunk In Love (Miss S Rose) A very promising but raw young man of just 6 months. Masculine head with intelligent expression. Soundly constructed with nice bone and a good wire jacket. His movement was typically loose as you would expect in a youngster of his age.

PD (2) 1 Ilhan Z Talchejow Morganna (imp Pol) (Mrs R Newman) 10 mths old with a darker coat well furnished head and pleasing angles fore and aft. He has good depth of body and his coat is starting to come through. Moved soundly once he got going his maturity giving him the edge on 2nd.

2 D Drunk In Love. See MPD.

JD (3) 1 Fitzrovia Born To Be Wild (Mrs E Rooney) A very typey 14 mth old dog, handsome head with correct eye shape and colour, and intelligent expression. He is balanced and soundly put together with good depth of body and coat. Still has some maturing to do I liked him a lot.

OD (6) This classed was the biggest of the day and filled with quality. I really was splitting hairs with my decisions.

1 Sh Ch/Slo Ch Redrafi Mrembo Nacho (Mrs J Lumasia) This nicely balanced dog is new to me. Handsome head with correct eye shape and colour, with a lively expression. Well muscled neck into strongly constructed front with good depth of body and decent wire jacket. Moderate rear angles with quality bone and well arched tight feet his driving movement was flowing and ground covering. Delighted to award him DCC and later BOB.

2 Ch Enryb Simply Red (Mrs J Byrne) Slightly longer cast than 1 with a very appealing head with the striking squareness mentioned in the standard. Well muscled neck into soundly put together front which is well let down. Well ribbed back with correct coat quality bone and nicely arched feet. Didn't quite match the movement of 1 today. (RCC)

3 Sh Ch Belatarr Kodiak (Mrs J & Mr D Spillane)

VD (1)

1 Belatarr Jupiter (Mrs J & Mr D Spillane) This well muscled dog is from a larger mould but is balanced and moderate were called for. Masculine head with intelligent expression. Arched neck into soundly made front, body of good depth with correct harsh jacket. Quality bone and well arched tight feet he covered the ground well.

SBB (2)

1 Kensesqui Japan (Mr S Spavins & Miss A Senior) I would prefer a more typical head, moderate length of neck into adequate front. Decent depth of chest, good coat and moderate rear angles she moved OK on well arched tight feet.

2 Brynffrwd Saint Gwenafwy (Mrs J Le Mesurier) Moved at one with her handler. I would prefer a more typical head and more substance all through.

MPB (1)

Deifstock Dare To Dream (Mr & Mrs S Cooper) A delightful and beautiful puppy who I see is the sister to the winner of MPD. Pretty head, her eyes need to darken but this should come

with time. Moderate length of neck and so soundly put together, her coat is coming through and she has the correct depth of chest, quality bone and arched tight feet. A sound mover for one so young she must have a bright future. (BP)
