Today's Best Puppy of excellent robust type, lovely masculine head, moderate stop, dense eyebrows, intelligent expression, good neck and topline with correct tailset, balanced angulations, lovely body and substance for his age, moved out well with good sidegait and parallel coming and going. Excellent harsh coat with correct undercoat, shows to perfection by his handler and I predict him a bright future.

2nd: UPTON, Mr G King Fox To Tragus

Very good type and proportions, masculine head with enough stop, excellent eyebrows and length in muzzle, good set of neck, correct topline and tailset, excellent front and rearassembly, well bodied, strong bone, excellent harsh coat with correct undercoat, still needs some time to settle on the move, but he has time on his side. Lovely affectionate temperament.

1st: ROONEY, Mrs E Fitzrovia Born To Be Wild

Compact male, well shaped masculine head, moderate stop, well shaped ears, correct eyebrows and beard, good neck, excellent strong topline, correct tailset, moderate angulations, well bodied, lovely bone and feet, a touch soft in coat needing more harshness, moved out well with a nice gait, just a bit too proud of his tail.

2nd: BRILEY, Mr Francis Coudy Z Janikova Dvora At Canalgame

Longer shaped male than nr 1. But everything was in proportions, long masculine skull, enough strength in muzzle, good neck and topline, correct set of neck, balanced angulations, excellent body, a bit long in loin, moved with lovely sidegait, parallel enough coming and going, he had a fantastic harsh coat with correct undercoat, could just do with a bit more typey overall appearance for me.

My winner of the day, so typey presenting a robust build dog with excellent harsh close fitting coat with a correct undercoat, lovely masculine head with proportions and moderate stop, dense eyebrows and a small beard. Slightly arched neck flowing into solid topline, correct low set tail. Very balanced in angulations fore and aft, strong body, well ribbed, strong bone, groundcovering movement with strong rearaction, he was piloted by his clever handler and he had a lovely patient, loyal temperament . In the line up he stood out

for type and great features of the breed so didn't hesitate to award him the CC and ultimately BOB

1st: LUMASIA, Mrs Jo Redrafi Jelimo

A beautiful young girl with lots to like about her, feminine head with good length, well set ears and correct eyebrows, excellent muzzle with correct beard, good neck and topline, excellent angulations, well bodied, excellent bone and well arched feet, lovely harsh coat with correct undercoat, super temperament which she showed perfectly on the move.

2nd: LUMASIA, Mrs Jo Redrafi Obiri

Very similar to my nr. 1, the only difference was that she was a bit more elegant in head at the moment and had a little bit less strength in skull and muzzle, but she has time on her side to develop. Another very promising girl.

1st: COOPER, Mr & Mrs S Deifstock Dare To Dream JW

Although very young, her overall type and general appearance ticked many of my boxes for this breed. She had a most beautiful shaped head with excellent strength in muzzle, moderate stop, correct dense eyebrows and lovely beard, slightly arched neck flowing into strong topline, correct tailset, very balanced in angulations, excellent body for her age, on the move she just stood out for me, showing her loyal and affectionate temperament to me and her clever handler, not in full bloom on the days, but the at this age they can be in “between” coats and I could feel the correct harsh close fitting texture, since type is paramount for me in this breeds, which she oozed, I had no difficulties to go “down the line” to award her the CC, I am looking forward to follow her career as she matures.

1st: BENDIKAS, Mrs Emma Katherine & BENDIKAS, Mr Scott Holsan Wild Ginger

Up to size bitch, rather long in outline, well shaped feminine head with correct muzzle, good eyebrows, lovely neck and strong topline with correct tailset, well angulated fore and aft, powerful body with strong loin, powerful mover, parallel coming and going, lovely harsh coat with correct undercoat, just a touch soft in coat on her head and legs. Lovely temperament

2nd: LUMASIA, Mrs Jo Redrafi Little Governor

Very elegant bitch shown in very short coatcondition, I gather she is “in between” coats at the moment. Lovely head and expression, correct earset, good neck and topline, well angulated, excellent body and spring of rib, strong bone and feet, powerful mover with lovely attitude, but since the harsh coat with the correct undercoat is such an important feature of the breed she had to stand her place today.
